## Nubex

/nju:bex/

As a response to the 2008 financial crisis, 2 friends came together with the noble intention of promoting the preservation of wealth through precious metals, which resulted in the creation of Nubex, the abbreviation of Nusantara Bullion Exchange.

Being the first e-commerce marketplace to be available in Malaysia (even before the likes of Lazada and Shopee), Nubex specialised in the online retail trading of gold and silver products, a market that was previously dominated by brick and mortar jewelers, pawn shops and banks.

# » OUR FOUNDERS

Influenced by the book “The Theft Of Nation”, Mohd Faizal began his journey into the world of precious metals, seeking as much knowledge as possible about the market. Through his experiences, he is now well connected to some of the world’s most renowned gold refiners and producers in Switzerland, Germany, Turkey, UAE and Singapore. He frequently writes articles for local newspapers, magazines, and on social media on topics relating to the precious metals market, especially on gold and silver.’

After a 6-year stint in a GLC and briefly running his own company, Bakhtiar’s career would reach a pivotal turning point following the economic crisis of 2008. He began searching for a business model that would be able to survive even in such economic conditions, which led him to his answer – gold, a commodity that has been traded for thousands of years

What started as a 4-man operation quickly expanded into a well-oiled machine, with different departments to handle the growing needs of the company. From our day-to-day operations, to marketing, to the IT and creative departments, the Nubex machinery ensures optimum efficiency, driven by passion, creativity and excellence.

# » OUR CUSTOMERS

Our ever-expanding clientele reflects the trust that the public has in the quality of our products and services. Beyond that, we have received and handled thousands of overseas orders for our custom minting services, while you can find our range of products on global platforms like Amazon.com. At the end of the day, it is the customers that will continue to drive us to seek greater heights, to go further and beyond.

# » OUR CUSTOM MINTING SERVICE

The custom minting service seeks to offer a more valuable and long lasting alternative to standard corporate gifting practices, in line with our concept of 'preservation of wealth via precious metals'

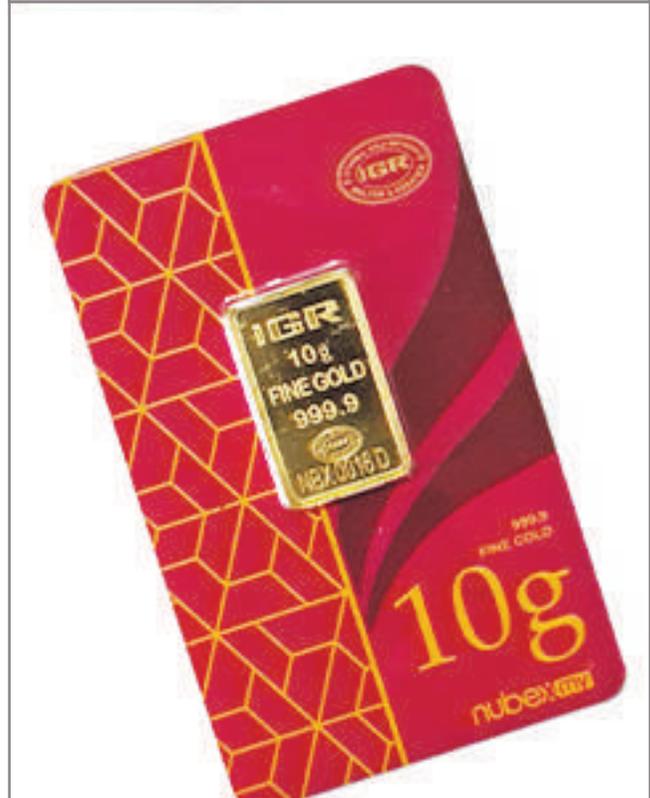

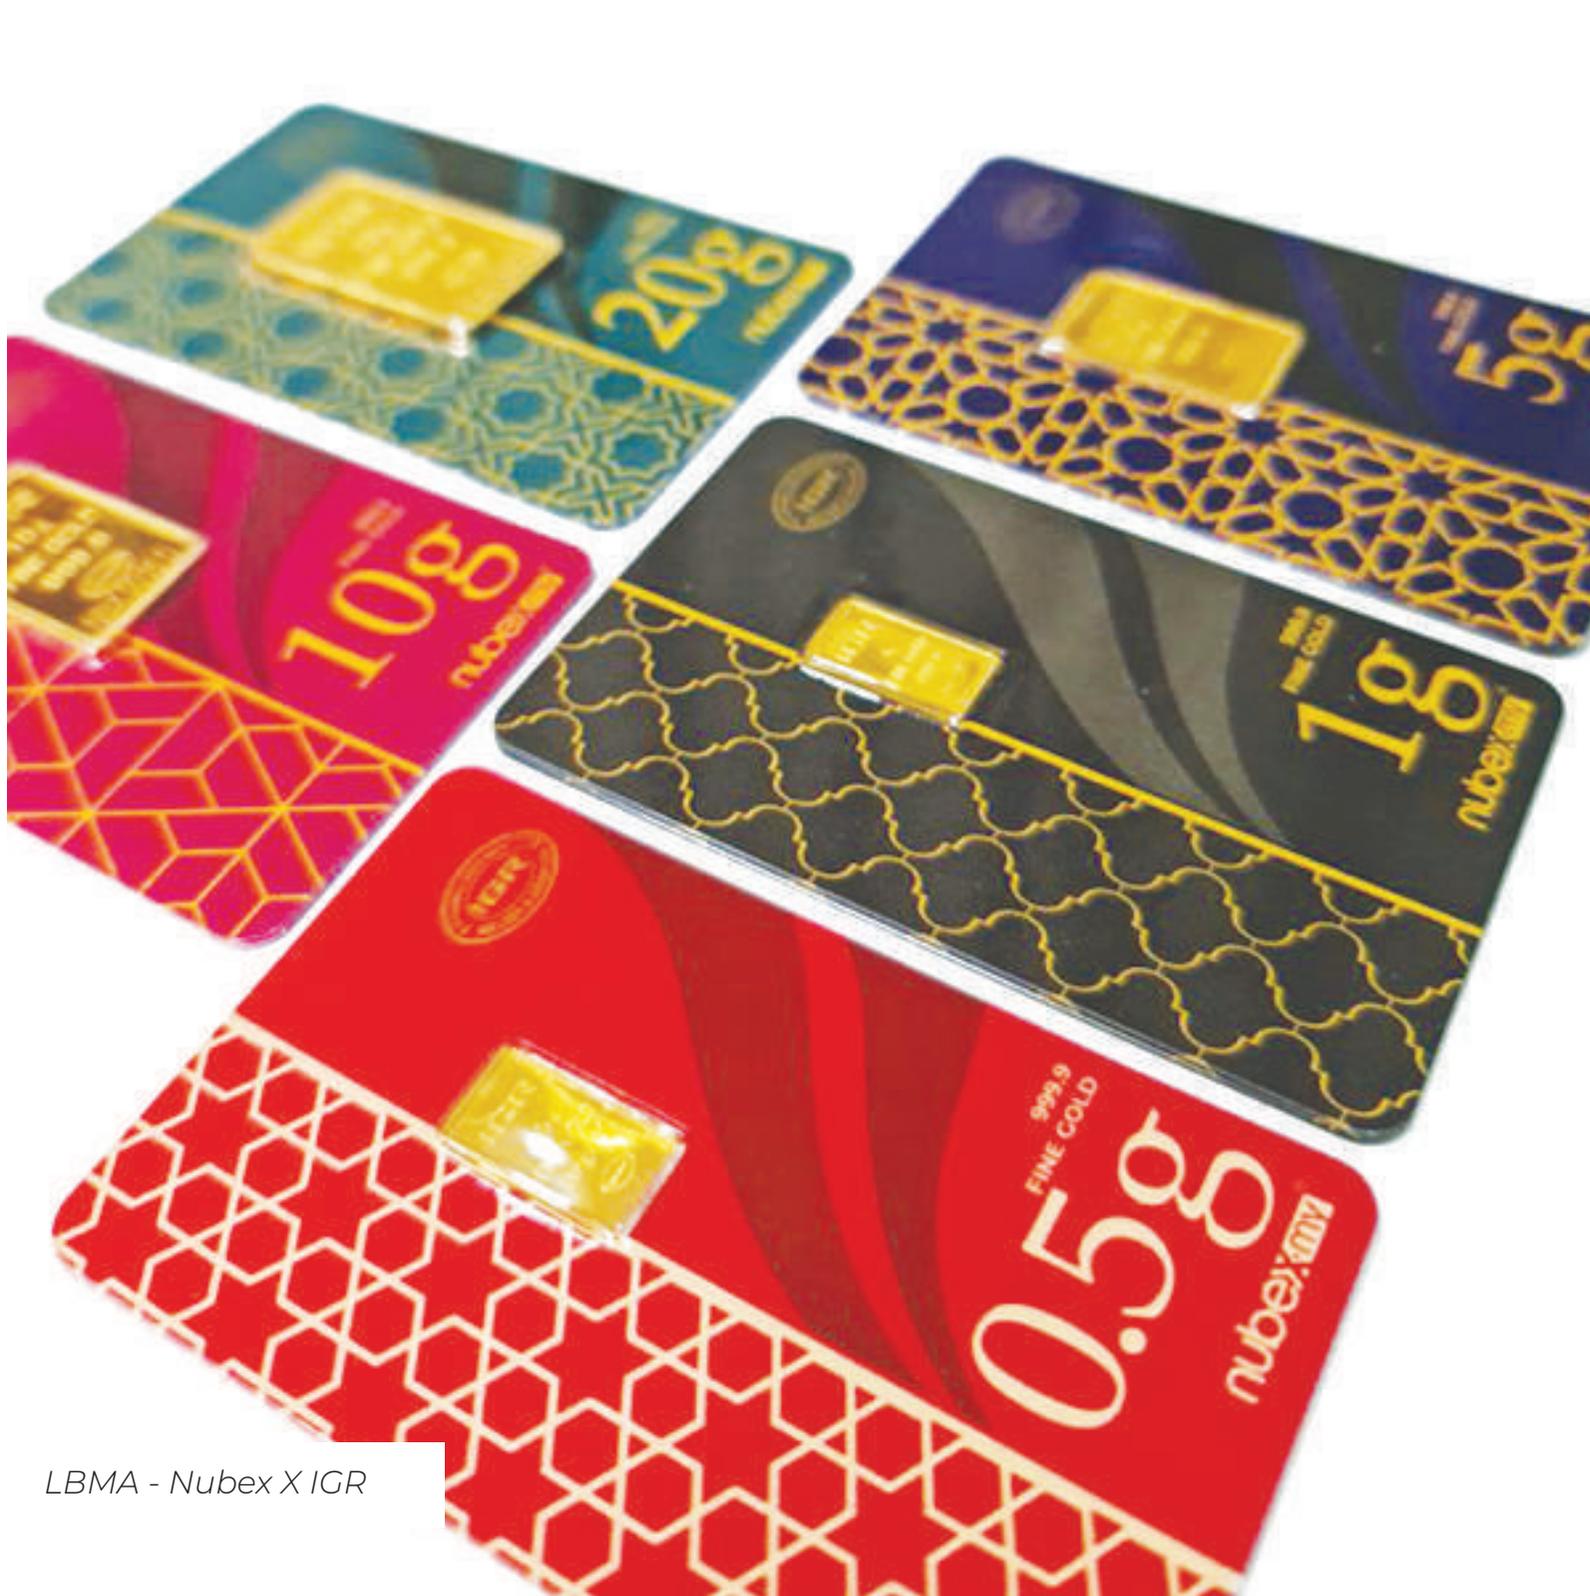

We have minted custom pieces for the likes of Coca-Cola, Petronas, Bursa Malaysia, and a number of prestigious financial institutions.

Producing our own silver and gold products allows us to 'walk the talk', as it were. In line with our motto of 'preservation of wealth', we offer a range of silver and gold products at very affordable prices and in smaller denominations.

## Special coin commemorating Asean Para Games is now on sale

20 SEP 2017 / 11:51 H.

**PETALING JAYA:** Special Asean Para Games 2017 commemorative coins are now on sale and avid coin collectors can get them via Nubex Sdn Bhd online trading platform.

The commemorative coin which weighs some 5.950g of 99.9% pure silver, comes in a bi-metal form featuring a sketch of the official logo of the prestigious sporting ceremony with its two detachable silver pieces.

"The coin, each with its unique serial number, is produced in a limited quantity of 2,000 pieces and will be sold at a price of RM35.

"Based on the amazing response of limited edition coins previously, such as the recent limited edition Merdeka coin which was sold out in a matter of less than an hour, we are positive that this limited edition coin in commemoration of the Asean Para Games will also receive an equally positive response from the public," Nubex chief executive officer Bakhtiar Abd Majid said in a statement.

Echoing Bakhtiar's call, Nubex chief creative officer Fayzi Omar said the production of this special edition coin was meant to further stimulate the spirit for the game.

Nubex Sdn Bhd is the rightful owner of the distribution licence of premium souvenirs for the recent Kuala Lumpur 2017 SEA Games.

## Unique silver-gold coins attract customers

**NATION**

Sunday, 20 Aug 2017

KUALA LUMPUR: Many merchandise are on sale at the 2017 SEA Games opening ceremony but one item stopped passers-by in their tracks.

The limited edition 2017 SEA Games commemorative coins glittered in the afternoon sun as visitors took photographs and made enquiries at the booth of Nubex Sdn Bhd.

Staff Mohd Rafiqi Aiman Mohd Radzi said sales had been encouraging.

"Only 5,000 were made, and so far more than 2,000 have been sold. What's interesting about this coin is no one has ever combined 99.99% pure gold and 99.9% pure silver in a coin before," he said yesterday.

Each coin is about the size of a regular 50-sen coin and has a bimetal finishing. The outside ring circling the coin is 99.9% fine silver (2.975g) and has the value of one dirham inscribed on it, along with the dates and the sporting event. The coin's detachable centrepiece is made of 99.99% pure gold (0.5g) and has the value of 1/8 dinar inscribed.

Avid coin collector Nadia Abdullah, 32, was among those who bought the coin.

"At RM215 it is definitely worth it and it's a good way to remember Malaysia's role in hosting the event," she said.
